

**Mainely Driving School**  
**560 US-1 Scarborough, ME 04074**

Welcome to Mainely Driving School!

We are glad you have chosen us to teach your child driver's education.

Once you have registered your child, please call our office to confirm your registration. Someone from our team will be in touch with you to confirm your spot and make arrangements to receive the \$200.00 deposit. We would also like to go over with you important dates and times, the paperwork needed, and the parent orientation scheduled for the session that you have signed up for.

This course will meet the Maine State requirements to earn a learner's permit. Driver education is a two-phase program consisting of 30 hours of classroom instruction and 10 hours of behind-the-wheel instruction throughout Cumberland and York Counties on city, interstate, and residential roadways. A 50 question final exam will be taken at the end of the session and students must score an 80% or better to receive their permit.

In order for a student to receive their permit, a parent or guardian must participate in the course for one hour. This requirement can be met in two ways: (1) at the parent orientation scheduled at the beginning of the session, or (2) a parent may ride along in an instruction vehicle while their child is receiving behind-the-wheel instruction near the end of the 10-hour requirement. Parent participation will be recorded in the student's record. You are more than welcome to do both.

We look forward to meeting you and giving your child all the necessary tools they need to get their driver's license.

Thank you,

**Eddie St. John**
